

Academic Year 2023-2024 Earnings Chart

The Earnings Chart is a tool to assist supervisors in planning student work schedules for the academic year. This chart will help supervisors to determine, based on the student's pay rate, how many hours per week each student may work throughout the academic year given the student's Work-Study award amount. Figures on this chart represent separate earnings for the Fall and Spring semesters.

It is the joint responsibility of the supervisor and the student to ensure that the student does not exceed their Work-Study award amount. On-campus supervisors who have online access can **view Work-Study balance information by using the Business Link Student Employment Function "Student Employees by Mail Code" and clicking on a student's job number**. In addition, students' weekly online pay stubs display their earnings-to-date as well as their remaining Work-Study award balance.

Please use both charts below (one for Fall 2023 earnings and the other for Spring 2024 earnings) to determine the earnings of a student working the entire academic year. For instance, a student who works 6 hours per week and makes \$15.00/hour will earn \$1800.00 during the fall semester. If this student works 6 hours again and makes \$15.00 during the spring semester, they will earn \$1620.00. The academic year earnings for this student will total \$3420.00.

Fall 2023 Earnings: This earnings chart is based on 20 weeks in the Fall (excludes Winter Break; includes Study Period and Finals)

Hourly Rate	3 Hours	6 Hours	8 Hours	10 Hours	12 Hours	15 Hours	20 Hours
\$15.00	\$900.00	\$1,800.00	\$2,400.00	\$3,000.00	\$3,600.00	\$4,500.00	\$6,000.00
