DIRECTED STUDY/RESEARCH PROPOSAL & REGISTRATION FORM

Use this form to add a directed study or directed research. If a full-time SPH faculty member is sponsoring your project, only their signature is required. The faculty member will supervise your project and grade your paper. If a part-time or adjunct SPH faculty member is sponsoring your project, you must also obtain the appropriate department chair signature. In this case, both people will review and grade your paper and the chair will ultimately submit your grade. Credit guidelines: 3 hours of directed study or directed research time is equivalent to 1 hour of class time. Students may apply up to 8 credits of directed studies or directed research toward an MPH.

Note that part time status is 1-11 credits and full time status is 12-18 credits. Your student account may be adjusted as a result of adding a directed study/research. Mandatory health insurance is added to the account of any student registered for 9 or more credits at any point in the semester. You may not be able to waive the charge if the semester waiver date has passed. Check the Student Accounting web page for more information.
