EXPERIENCE

Consultant, Research and Evaluation

November 2023 – Present

Health Inc.

- Conducted literature reviews to support survey development
- Constructed graphs and charts for clients using demographic and behavioral data from state and federal databases
- Created a comprehensive overview of focus group and key informant interviews for a large multi-community needs assessment

Program Manager, Department of Violence Prevention

July 2021 – August 2023

Harry Foundation (HF)

- Managed a \$10 million dollar research portfolio requiring extensive communication with staff about grant funding and expenditures
- Streamlined access to data for 25 researchers by simplifying approval process, resulting in a 30% increase in conference presentation submissions
- Oversaw all daily operations including supervision of volunteers, navigation of complicated federal contractor hiring and termination practices, and maintenance of lab and department websites

Student Services Specialist, iGO Office of Student Services

January 2021 – July 2021

XYZ Strategic Consulting

- Tracked and measured performance towards admissions goals, identified weaknesses, and categorized student demographics using SPSS
- Provided technical and customer support during an information system switchover from PeopleSoft to a customized system
