**EDUCATION**

2015	Graduate Fellow, Summer Institute on Randomized Behavioral Clinical Trials, National Institutes of Health, Office of Behavioral and Social Science Research and the National Heart, Lung, and Blood Institute
2004	Postdoctoral Fellowship Brown University, Center for Alcohol and Addiction Studies
2002	Ph.D. Counseling Psychology New York University Dissertation: "Alcohol and the Minority Teen: Problems in Diagnosis", <i>Individual National Research Service Award</i> , (NIAAA F31 AA05558-01)
2002	Pre-doctoral Fellowship Brown University, Center for Alcohol and Addiction Studies
1992	M.A., Industrial and Organizational Psychology Columbia University
1991	M.Ed., Psychological Counseling Columbia University
1988	B.A., English with Honors Smith College

**PROFESSIONAL POSITIONS**

2019-present	Associate Professor, School of Social Work, Dept. of Clinical Practice, Boston University
2018 –2019	Associate Professor, Dept. of Applied Psychology, Northeastern University
2012 – 2018	Assistant Professor, Dept. of Applied Psychology, Northeastern University
2007 – 2012	Assistant Professor (Research), Brown University

**RESEARCH INTERESTS**

Using intervention science methods to minimize mental health inequities including substance use disorders, among racially/ethnically diverse populations:

- Social and cultural influences on the development of addictive disorders
- Mechanisms of change in behavioral treatments for addiction
- Translational mixed methods for intervention design and development
- Discrimination, stigma, and the development of substance use disorders

**PROFESSIONAL LICENSES/CREDENTIALS**

2022 Licensed Psychologist, Massachusetts, (# PS011703)  
2011 Licensed Psychologist, Rhode Island, (# PS01270)  
2020 National Register of Health Service Psychologists, Member ID # 57275

**PROFESSIONAL AWARDS AND HONORS**

2014 Kenerson Faculty Scholar, Bouvé College of Health Sciences, Northeastern University  
2006 New Investigator Award, Mechanisms of Behavior Change Pre-Conference Satellite, Research Society on Alcoholism  
2004 Research Excellence Award, Center for Alcohol and Addiction Studies, Brown University

**Editorships and Service to the Field**

2023-present APA 2024 Convention Chair, Society for Addiction Psychology & Chair, Diversity Equity and Inclusion Committee,  
2023- present Senior Editor, *Journal of Studies on Alcohol and Drugs*  
2021-present SUDA, Grayken Center for Addictions, Boston Medical Center  
2022- present Editorial Advisory Board, *Alcohol Research: Clinical Reports* (NIAAA journal)  
2017 – 2020 Editorial Board, *Cultural Diversity and Ethnic Minority Psychology*  
2016 – present Editorial Board, *Journal of Consulting and Clinical Psychology*  
2016- 2019 Consultant, Support Wellness Suboxone Program and Integrated Behavioral Health Program, South End Community Health Center, Boston, MA  
2006 – present Training Faculty, Center for Alcohol and Addiction Studies, Brown University, NIAAA Post-Doctoral Fellowship training program in Alcohol Intervention and Treatment Outcome Research

1R43DA057759-01

Agency: NIDA

Rumbo: An Integrated Mobile and Web-Based Application to Overcome Barriers to Receive Substance use Disorder (SUD) Treatment and Improve Outcomes for Spanish-Speaking, Hispanic and Latinx individuals

Name of PI: Campbell, W.

*Primary place of Performance:* Volver LLC, New Mexico

*Project Proposal Start and End dates:* July 2023- December 2023

Role: Co-Investigator

3R01AA028507-03S1

Administrative Supplement

Agency: NIH/NIAAA

Title: Addressing Alcohol Use Related Health Disparities: A Hybrid Effectiveness Implementation Study of a Culturally Adapted MI for Latinx Alcohol and Drug Users  
Objectives are to include recruitment of Black/African American primary care patients in the CAMI Hybrid Effectiveness-Implementation trial.  
Direct Cost: 136,185 (5/5/23 – 6/4/24)  
Role: Principal Investigator

R01 AA 028507

Agency: NIH/NIAAA

Title: Addressing Alcohol Use Related Health Disparities: A Hybrid Effectiveness Implementation Study of a Culturally Adapted MI for Latinx Alcohol and Drug Users  
Objectives are to conduct a clinical effectiveness trial of culturally adapted motivational interviewing to reduce alcohol and drug misuse in a primary care setting with Latinxs and to conduct a concurrent process evaluation of implementation.

Direct Cost: \$3,325,627 (9/10/20 – 6/30/25)

Role: Principal Investigator

R01 AA025485

Agency: NIH/NIAAA

Title: Mechanisms of Behavior Change in a Cultural Adaption of Motivational Interviewing  
Objectives are to: (1) Test established mechanisms of change in a new population, heavy drinking Latinx, and (2) Test novel mechanisms of change unique to the theoretically-based adaptation of motivational interviewing.

Total Direct Cost: \$640,000 (5/3/18 – 11/30/23)

Role: Co-Principal Investigator

Indiana University Diversity Equity and Inclusion Grant

Title: Provider and Patient Level Factors and Substance Use Disorder Treatment among Black Adults.

Objectives are to establish collaboration with agencies that work with Black adults who use substances. Other aims are to identify reasons for substance use, barriers and facilitators to treatment engagement.

Total Direct Cost: \$25,000

Role: Multiple Principal Investigator (PIs: Tamika Zapolski, Ph.D., Indiana School of Medicine, and Virgil Gregory, LCSW, PhD, Indiana School of Social Work)  
(9/1/22-8/31/23)

K08MD015289

Agency: NIH/NIAAA

Title: Socio-Cultural Risk and Protective Factors of Alcohol Use Among Non-Hispanic White and Hispanic Sexual Minority Youth

Objectives: Assess the relationship between intersectional minority stressors and protective factors on alcohol use among Hispanic sexual minority youth using ecological momentary assessment.

Principal Investigator: Robert Rosales, Ph.D. Brown University

Role: Mentor

K23AA030339

Agency: NIH/NIAAA

Title: Addressing Alcohol Use Health Disparities in Latinx Sexual Minorities: A Culturally Congruent Motivational Intervention Targeting Intersectional Forms of Discrimination  
Principal Investigator: David Zelaya, Brown University  
Role: Mentor

K23AA028515

Agency: NIH/NIAAA

Title: Understanding Race-Related Stress as a Mechanism Associated with Alcohol Craving to Inform Culturally Adapting Alcohol Treatment for Black Adults  
Principal Investigator: Angela Haeny, Ph.D., Yale University  
Role: Co-Mentor

EASCS-24155

Agency: Patient-Centered Outcomes Research Institute (PCORI)

Title: Embracing Anti-racism in Addiction Treatment, Research and Policy: Engaging Black People with Lived Experience of SUDs

Objectives: Establish ongoing productive partnerships between Black people with lived SUD experience and the community of clinicians, researchers, and administrators represented on the Anti-Racist Approaches to Addiction Treatment (AAAT) Working Group; Produce and distribute a report to regional and national networks of clinical organizations, researchers, and policy-makers, highlighting a list of key research questions for future PCOR/CER which need to be addressed in order to learn how to make SUD treatment more appealing and effective for Black people who have SUDs.

Principal Investigator: Miriam Komaromy, MD

Role: Consultant

Agency: Center for Anti-Racist Research, Boston University

Title: Residential addiction treatment programs are hostile environments for Black patients, and policy changes are urgently needed.

Principal Investigator: Miriam Komaromy

Role: Project Team Member (in-kind)

## **COMPLETED RESEARCH SUPPORT**

R01 AA025564

Agency: NIH/NIAAA

Title: Brief Intervention by Community Health Workers for Unhealthy Drinking in Latinos

Objectives are to test the efficacy of a strengths-based, motivationally enhanced, brief intervention, to reduce unhealthy alcohol use and to promote the use of social supports, among socially disadvantaged Latinx in Los Angeles. Spanish-bilingual community health workers are trained to deliver the evidence-based intervention in this pragmatic trial.

Total Direct Cost: \$2,062,233.00 (5/1/17-4/30/2021)

Role: Co-Investigator

Agency: Clinical Translational Science Institute, Boston University.

Title: Culturally-adapted motivational interviewing and contingency management for reducing illicit stimulant use in Black and Latinx people.

Objectives of this pilot grant is to test the feasibility of CAMI paired with CM at substance use treatment centers in Boston. Results will be the foundation for grant application to NIDA.

Total Direct Cost: \$50,000

Role: Co Principal Investigator. (PI: Ted Park, Co PI: Ricky Cruz).

#### Tier 1 Proof of Concept Grant

Agency: Provost Office, Northeastern University, Tier 1.

Title: Employer-based approaches for targeting the opioid crisis in the construction industry

Objectives are to develop measures assessing the work climate regarding pain reporting and to collect formative data for a competitive NIH grant proposal. This multi-disciplinary initiative involves experts in occupational health, pain management, and addiction science.

Grant Amount: \$32,000 (7/1/2019- 9/30/2020)

Role: Co-Principal Investigator

#### Faculty Innovations and Academic Excellence Grant Award

Agency: Office of Institutional Diversity and Inclusion, Provost's Office, Northeastern University

Title: Staying on Course: Strategies for First Generation College Students to Succeed

Objectives are to convene discussion groups with first-generation college students at Northeastern, to better understand the unique challenges first-generation college students face, and how they have managed to address them. The formative data will be used to create a resource for students, a video reporting pertinent issues, evidence based ways to communicate their needs, and resolve issues in a way that builds resiliency and fosters positive communication.

Total Direct Cost: \$10,000 (9/1/18-9/1/19)

Role: Multiple Principal Investigator

#### Global Resilience Institute, Seed Grant

Agency: The Global Resilience Institute, Northeastern University

Title: Massachusetts Opioid Crisis: Data-driven approaches for Community Resilience Initiatives

Objectives are to disseminate results of the geo-spatial analysis reporting rates of overdose and naloxone availability using a public health approach, and to gather community input on how to use this information to benefit communities suffering from high overdose rates.

Total Direct Cost: \$10,000 (2/28/18 -2/28/19)

Role: Co-Investigator

#### R01 AA021136-01

Agency: NIH/NIAAA

Title: Culturally Tailored Motivational Interviewing for Hispanics

Objectives are to compare the efficacy of a brief motivational interview (BMI) to BMI that was adapted to social stressors associated with migration and cultural influences, and to investigate perceived discrimination as a treatment moderator.

Total Direct Cost: \$2,900,000 (12/15/12-11/30/18)

Role: Principal Investigator

#### HRSA 14077 (PI: Polcari. A)

Agency: US Dept. Of Health and Human Services

Title: Behavioral Health Workforce Education and Training for Professionals

Expand the Psychiatric Mental Health Nurse Practitioner Graduate Nursing Program to prepare

advanced practice registered nurses to provide culturally competent care to vulnerable children, adolescents, and transitioning young adults at risk for, or experiencing, behavioral health problems.

Total Direct Costs: \$883,135 (9/30/14-9/29/17)

Role: Advisory Board Member

Agency: NHLBI and OBSSR (Co-Directors: K. Stoney and P. Kaufmann)

Title: NIH Summer Institute in Randomized Behavioral Trials

Training goals are to (1) develop competency in the planning, design, and execution of clinical trials involving behavioral interventions for multiple health domains.

Scholarship: \$10,000 (July 12-24, 2015)

Role: Graduate Fellow

R01 AA017895-01 (PI: M.Mello)

Agency: NIH/NIAAA

Title: ReDial: A Telephone Brief Intervention for Injured Emergency Department Patients

The major goals of this project are to study a telephone brief interventions for individuals recruited from the Emergency Department who are injured and who engage in risky alcohol use, and to test the mechanism of behavior change and active treatment ingredients that will advance the field.

Total Direct Costs: \$2,400,000 (12/1/09–11/30/14)

Role: Co-Investigator

R01 DA026066 (PI: R.Merchant)

Agency: NIH/NIDA

Title: Brief Intervention for Drug Misuse in the Emergency Department

Study goals are to compare the efficacy of a motivationally enhanced brief intervention conducted in the Emergency Department and delivered to injured patients, to reduce drug use, compared to treatment as usual.

Total Direct Costs: \$3,239,227 (4/1/09-3/31/14)

Role: Consultant

Tier 1 Proof of Concept Grant

Agency: Provost Office, Northeastern University, Tier 1.

Title: Exploring the Use of Innovative Technology in Behavioral Health Care

Few studies have examined technology-based treatment modality work best with which health domains and with which populations, or in what settings technology can be used most effectively. Goals were to examine the experiences, attitudes, and beliefs of behavioral service users about the use of technology as an adjuvant to their treatment, factors that may promote or inhibit technology across a variety of populations, and ways to address barriers.

Total Direct Cost: \$47,118 (7/1/12-6/30/13)

Role: Principal Investigator

R01 CE001586 (PI: M.Mello)

Agency: CDC

Title: Translation of Alcohol Screening and Brief Intervention Guidelines to Pediatric Trauma Centers

The goal of this translational research study is to increase the use of Screening, Brief Intervention, and Referral to treatment among injured adolescents treated at pediatric level 1 trauma centers. This study will allow researchers to better understand best practices for the

dissemination and adoption of alcohol screening and brief intervention within pediatric trauma centers.

Total Direct Cost: \$599,345 (7/1/09-6/30/12)

Role: Co-Investigator

K23 AA014905

Agency: NIH/NIAAA

Title: Culturally Adapted Motivational Interviewing for Hispanics

Goals of this Mentored Patient-Oriented Research Career Development Award were to gain expertise in health disparities related to addictive behaviors among socially disadvantaged Latino/as, on evidence-based behavioral treatments to treat addictions, and on clinical trials methodologies to test addiction research treatment approaches with diverse populations.

Total Direct Cost: \$671,760 (3/1/05 – 2/29/10, No-Cost Extension till 8/31/11)

Role: Principal Investigator

R01 NR011295 (PI: B.Marcus)

Agency: NIH/NR

Title: Culturally and Linguistically Adapted Physical Activity Intervention for Latinas

The purpose of the study is to promote physical activity among this at-risk population using a high reach, low-cost strategy, which has great potential for adoption on a larger scale and thus high potential for reducing existing health disparities in the U.S.

Total Direct Cost: \$1,381,581 (7/1/09-6/30/13)

Role: Co-Investigator

R21 NR009864

Agency: NIH/NR (PI: B.Marcus)

Title: Seamos Activas: Increasing Activity among Latinas

This project culturally and linguistically modifies a print-based, expert system physical activity intervention for sedentary Latinas.

Total Direct Cost:\$267,002 (9/14/06-7/31/08)

Role: Co-Investigator

R01 HL077608

Agency: NIH/NHLBI (PI: L.Lasater)

Title: Postpartum Maintenance of Abstinence from Tobacco

Goals of the study were to compare smoking abstinence rates of women who quit smoking during their pregnancy and who receive an intervention based on telephone counseling using motivational interviewing versus women who quit smoking during their pregnancy and who receive treatment as usual

Total Direct Cost: \$2,593,701(9/1/04-8/31/09)

Role: Consultant

Research Excellence Award

Agency: Center for Alcohol and Addiction Studies, Brown University

Title: Level of Acculturation and Alcohol-Consumption Behavior in Hispanics

Amount: \$11,000 (9/1/2004-8/30/2005)

Role: Principal Investigator

T32 AA074591 (PI: P.Monti)

Agency: NIH /NIAAA

Title: Substance Abuse Intervention Outcome Research Training

Goals of this training program are to educate and mentor postdoctoral biomedical, health care, and clinical scientists to conduct substance use intervention research. This interdisciplinary training program draws on experts in epidemiology, etiology, prevention, clinical, and public health research, to train the postdoctoral fellows in developing innovative methods and approaches in the field of substance use research.

Period: 9/1/02 – 6/30/04

Role: Postdoctoral Research Fellow

NRSA F31AA05558

Agency: NIH/NIAAA Pre-doctoral Individual National Service Award

Title: Alcohol and the Minority Teen: Problems in Diagnosis

Study goals were to investigate clinician responses to adolescents who presented with symptoms of an alcohol use disorder (AUD), who differed by race and gender. Social psychological theory was used to explain the emotional responses and cognitive judgements made about adolescent patients, and how that influenced clinical diagnoses, prognoses, and willingness to help minority and non-minority teens with AUD symptoms.

Total Direct Cost: \$39,500.00 (9/1/2000-8/30/2002)

Role: Principal Investigator
