

SEMINAR FOR NEW PRACTICUM INSTRUCTORS SPRING 2027

The Seminar in Practicum Instruction offers content, feedback, and support to those who are supervising MSW interns for the first time. Experienced practicum instructors are also welcome to take the seminar on a space-available basis. Topics include getting started with students, using supervisory tools such as learning contract, process recordings, evaluation, developing a strong supervisory relationship, accessing the student as a learner, the role of the advisor, addressing conflict and problems in supervision and ending the internship. Additional topics include ethics, equity and inclusion, social policy and human rights as they relate to students' work in the internship. The seminar uses a mix of discussion, reading, videos and role play building on the practicum instruction experiences of participants.

To register for any of the sections, please click this [link](#). After the registration link is completed you will receive confirmation from sswolpfe@bu.edu or sswfed@bu.edu once you have been enrolled. Please note registration will close two weeks prior to the start of the course.
