Placements

STH Placements are strong across all degrees. The statistic we have to watch out for is in yellow, which translates into not finding a job. Of course, the percentages in light blue (non-vocational placements) are also not always what we hope for, but often these are still in helping professions of some sort. These statistics are based solely on the 90% of all graduating students we could locate in the years identified.
### MSM Placements

- **AY11**: Vocational 100%, Non-Vocational 25%, Further Study 25%, Still Seeking 17%
