Calvary has a multigenerational congregation, with average attendance of 100 each week. Our priorities include creating engaging worship, connecting with one another, and serving in active mission and we offer many opportunities for spiritual growth, service, and fellowship, both inside and outside the church. In addition to our regular Sunday morning service, we have special services during holiday seasons; we also offer Sunday school classes for all ages and have a very active youth group. Calvary works with community groups including the Housing Corporation of Arlington and the Somerville Homeless Coalition, sends members to Maine every year to help rebuild and repair homes, and has multiple small groups that meet for fellowship and fun. We have eight years of experience working with student interns, and offer many different avenues through which interns can develop their talents, explore areas of ministry that they may not have experienced previously, and gain experience to better discern their calling.

Payson Park Church is easily accessible from public transportation, bus route 73, less than 3 miles from Harvard Square. We are a diverse congregation at the edge of Belmont and Watertown, drawing people from multiple communities. We have begun a new co-sponsorship of a just arrived refugee family, and last summer strengthened our ministry of serving home cooked meals every month to the Bristol Lodge Food Kitchen for the homeless in Waltham. Our youth group serves at Cradles to Crayons for low income families, and also goes on retreat with the homeless in Boston through CityReach. Our congregation is focused on nurturing our children and youth, and is also focused on “faithfully serving the community,” (our motto!). We would invite a student intern to participate in leading worship, giving sermons, etc., with also a strong emphasis on engaging with our surrounding community. We seek someone whose faith is alive, and who wants to help build relationships between the church and the world, to explore with us that sweet spot where our greatest joy meets the world’s greatest needs.

The Cathedral Church of St. Paul, located on Boston Common across from the Park St. T-Stop, serves as the spiritual center of the Episcopal Diocese of Massachusetts. Home to five worshipping congregations, the cathedral also hosts ordinations and confirmations, as well as an array of conferences and gatherings for the wider church. This is a very diverse community, bringing together people of an array of life experiences, gender expressions, cultural backgrounds, and fully incorporating unhoused persons as full members of the community. A field ed. placement here would center on focus on the Sunday morning congregation, but would also leave room for a student to learn from and participate in other aspects of cathedral life. Students interested in learning to serve at the altar, lead public prayer and healing prayer, and prepare for sacramental worship would find this a great opportunity.

MANNA, (Many Angels Needed Now and Always) is a community of, for and with homeless women and men, located in the Episcopal Cathedral of the Diocese of Massachusetts, in downtown Boston. Our intern will engage in the work (and play) of making church with unhoused and housed folks of all kinds and will work closely with our team of staff and volunteers in the process of empowering and equipping all of us to grow in the ways of life and love. MANNA’s regular gatherings and get-togethers include but are not limited to:

- The Monday Lunch Leadership Team: A gathering of between 30 and 40 self-selected leaders of the community who work together to make our little corner of the world a slightly better place.
- The Monday Lunch: A meal run by the Leadership Team in partnership with visiting parish groups, which serves about 200 poor and hungry people each week.
- The Monday Eucharist: A service of Holy Communion with for and among the homeless community.
- Christian Mediation: An ancient form of silent and contemplative prayer offered each week on Tuesdays at 11.
- The Black Seed Writers’ Group: A gathering of new, emerging and experienced writers led by Atlantic Monthly Columnist, James Parker and the poet, Kate Glavin.
- The Coffee Klatsch: the political wing of MANNA which focuses (for the most part) on advocacy on behalf of, and by, members of the homeless community.

Taking on a role in Sunday morning services at St Paul’s Cathedral is also an option, as is participation in our less regular events such as our annual pilgrimage or camping trip; the Walk for Hunger, Thanksgiving Day celebrations, our Square Dance and musical program, as well as various other celebrations, retreats and workshops. Applicants must be available between 10 and 3 on Mondays (the rest is negotiable!).

*common cathedral* was established as an outdoor congregation in 1994, inspired by Jesus’s example of love and compassion. We are an ecumenical ministry that seeks to build community and provide spiritual care to unhoused individuals in Boston, and to bridge the gap between housed and unhoused people. Our intern would join us in this mission of being church together by empowering and including those whom society passes by. Most of our ministry takes place in downtown Boston and is T and bus accessible. Our interns are able to join and take on leadership roles in a wide range of programs:

- Sunday outdoor worship on the Boston Common, followed by Bible Study
- Spiritual care and worship at the respite facilities of Boston Healthcare for the Homeless
- BostonWarm, our day center that welcomes guests for rest, nourishment, and community
- *common art*, an open art studio where all are welcome to be creative
- Feed Your Spirit, a small group that empowers participants to explore their spirituality
• CityReach, an overnight educational immersion program for youth groups and adults to learn about homelessness from those who have experienced it

The Crossing is the progressive, radically-welcoming Thursday night worship community at St. Paul’s Episcopal Cathedral in Boston. We’re serious about transformation: of lives, of systems, of the church, of the world...all in the way of Jesus. As an intern, you’ll have the opportunity to preach regularly, engage in urban ministry, receive mentoring and leadership development, organize college connections and justice ministries, provide pastoral care, and teach and facilitate workshops on the emerging church. Conceived and led by a group of young adults, The Crossing is far more than a young adult ministry. Rather, it is a diverse worship community that weaves Episcopal traditions with the perspectives, cultural expressions and deep yearnings of groups the church too often leaves behind: especially young adults, people of color, LGBT people, and poor/working-class people. We gather every Thursday evening to share worship and spiritual practice and to catch the Spirit at God’s huge, unconditionally welcoming table. Then we head out: out to engage in ministries of justice and service; out to share the good news of Christ in creative ways; out to small groups for formation in the life-changing, world-changing way of Jesus; out to play and connect and support one another in our vocation as God’s people on the move.

So, whatever your passions - from racial equity and food justice, to non-profit development and grant writing, from gardening and permaculture, to liturgy design and worship leadership, from community organizing and chaplaincy, to still trying to figure out why you are in seminary (tbh), - you are invited to come into the mess with us. For OWC, a Con Ed partnership is one in which you take the lead on defining and executing your learning goals. We will be here to support you, help you, encourage you, in success or failure. Reservoir Church is a dynamic, multi-ethnic, inclusive, Jesus-centered faith community in North Cambridge, Massachusetts. Four to five hundred people attend our weekly Sunday services and programs. We host thirty community groups and are involved in many local and global partnerships as well. In all that we do, we aim to inspire people to discover the love of God, the joy of living, and the gift of community. Reservoir was founded in the mid to late 90s to be a church that could be spiritually useful for the great majority of Greater Boston residents who are not churchgoing and are more at home in a secular, pluralistic, post-Christian culture. For approximately half of our members, we are their first ever church or at least their first church as an adult. We are seeking an intern/resident who has a vibrant faith in Jesus and is interested in learning about ministry in an inclusive, open environment. Our intern would work directly with Steve Watson, our senior pastor and a former urban public school principal, as well as with other pastors on our team. We will customize the internship based on the experiences and interests of the intern and the needs of our team. First Congregational Church in Milton is a vital and growing, Open and Affirming congregation of the United Church of Christ. We strive to grow together in faithfulness while journeying together as a congregation with diverse religious backgrounds. FCC has grown in the past 15 years from an aging congregation with fewer than 40 members to our current size of over 200 adult members and 125 children, with around 110 people usually attending our Sunday worship service and Christian Education programs. Most of our members come from Milton with some from surrounding towns and the Hyde Park and Dorchester neighborhoods of Boston. As our children get older, we have an emerging Youth Program which began two years ago and is already growing quickly. Our worship style is fairly traditional, characterized by a focus on preaching and high-quality music. We believe that our congregation offers a unique opportunity for those preparing for ministry to learn and grow in their craft by participating in a congregation that is open to new ways of ministry, and eager to try just about anything. Students will be welcomed as a full member of the ministerial team where their ideas and unique gifts will be valued and relied upon. We do not place restrictions on the involvement of our students; rather, we expect our students to have a healthy – yet balanced – interest in experiencing the many aspects of ministry in our church.

Needham, MA 02494
Carter Memorial is located in Needham, MA an upper middle class community 10 miles outside of Boston; the church however has a broad social, ethnic and economic demographic. Worship style would be considered traditional with an exceptional music program and average worship attendance of 145. Mission and outreach are carried out through domestic and international mission trips plus team building with other agencies in the community and conference. We offer a twice a month free meal to the public which engages volunteers from the community and local school systems. Carter offers a good learning environment and the challenge of regional ministry and community change; on any given Sunday people will drive 70 miles round trip to worship at Carter. Many in leadership come outside of Needham proper which makes the demands of administration difficult as well as building community. In 2019-20 we will be looking to shift our programing needs, examine how we might “go green”, and further develop our programing and vision for the Carter Spiritual Life Center in Wellesley, MA. Carter Memorial has been a contextual education site since 1967. Carter’s mission is to:

- Seek—the sacred and Holy in the world and one another
- Share—in the fellowship of building a just community
- Serve—others as change agents in the world

Our core values focus on Faith formation, welcoming, community and service/justice.

The First Congregational Church of Stoughton, United Church of Christ, is an Open and Affirming suburban congregation of approximately 90 members celebrating 275 years of ministry in 2019. We maintain a strong affiliation with the UCC, with our pastor and members involved in Pilgrim Association and Massachusetts Conference activities. We average approximately 60 attendees in our one Sunday morning worship service. Our approximately 8 school-age children begin worship in the sanctuary and then go to their Church School class after the children’s message. We have an active youth group with dedicated adult volunteer leaders and offer a Confirmation program every other year. Our congregation spans the age spectrum from preschoolers to nonagenarians. While the congregation is predominantly middle-age and older straight white couples and singles, members
and staff also include other races, ethnicities, gender identities, and sexual orientations. We are strongly committed to hands-on ministry experience for seminarians and can offer an intern a wide range of learning opportunities depending on the person’s areas of interest and learning goals, including the co-leading of worship, monthly preaching, worship planning for Sundays and special occasions, leading Adult Education book or Bible studies, teaching children and youth, making pastoral and hospital visits, and assisting in funerals, memorial services, and weddings as available.

Field Ed students will have the opportunity to experience a wide variety of ministry activities at MCC. The TPC and Pastor will work with you in charting your course for the year. There are opportunities for pastoral visits, leading Bible studies and Confirmation classes, as well as leading worship and preaching. If you choose, you will be able to work with our Minister of Youth and Families in working with the children of the church. Or perhaps you'd like to be a part of planning worship in conjunction with the Minister of Music and the Pastor. Field Ed students will be invited to participate as part of the staff and attend staff meetings to collaborate with church personnel.

MCC has about 175 members. We are an Open and Affirming congregation since 1966 in the United Church of Christ and in 2013 reaffirmed our commitment to serving as an Open and Affirming Congregation by updating our statement to include a specific welcome to all regardless of gender identity and expression. Although there is a range of economic backgrounds, the majority of the congregation leads a comfortable life. Many are successful professional leaders. Music is a strong part of MCC's identity and outreach to our community. Our staff is comprised of a full time Pastor, part-time ministers (non-ordained) for youth and music. We are working to create intergenerational activities for the children to spend time with the seniors in the congregation. There are also a number of "empty nesters."

Agape Spiritual Community is a new church start in Waltham, Massachusetts, part of the United Church of Christ. At Agape, we love God with all our heart, mind, soul, and strength through music, worship, and contemplative, spiritual practices; love our neighbor as we fully love ourselves; love and care for the earth and all of creation; love our youth and children, who are not only our future, but our present; live in service, and work to make God’s agape love and justice real; live, practice, and embody our faith; follow the way of Jesus, while drawing wisdom from all spiritual traditions rooted in love; welcome all people as they are, no matter their race, color, culture, creed, finances, ability, sexual orientation, gender identity or expression, affirming that God loves you just as you are!

Currently, Agape has services twice a month (one of those being a dinner church), along with small groups involving service and contemplative practices. At Agape, there is openness to new ways of doing things in worship and community life. As Agape’s pastor Matt Carriker is also the Protestant Chaplain at Brandeis University in Waltham, there is the possibility of combining Agape as a field site with college chaplaincy work at Brandeis. Student’s involvement, depending on interest, is including but not limited to: worship leadership, adult and children faith formation experiences, outreach in Waltham and the wider community through in-person conversations, events, and social media.

Among its many blessings, Wilmington UMC has a dynamic youth ministry, and an innovative ministry of Christian Education, with approximately 100 children participating in its programs each week. Its staff is both talented and experienced. Over the years Wilmington UMC has had a rich history serving as a field education site, and many effective pastors in the New England Conference and beyond gained important experience and learning while serving as an intern here. The congregation has always taken pride in its ministry with interns, and some members still remain in contact with
past interns. The church is easy to get to from Boston. It is near both 93 and 128, and there is a T stop half a mile from the church. We look forward to our ministry with an intern this coming year.

We have a small but vital youth group and Sunday school, and draw parishioners from a number of neighboring communities. We have active vocal and bell choirs, and multiple small groups that meet for study and fellowship. We have not had an intern for several years, so there is not a pre-defined role for that individual, but we would covenant with him or her to match that person's gifts with the needs of our community.

Building on the legacy of the former Chestnut Street United Methodist Church, HopeGateWay is an exciting new, multi-faceted, missionally-oriented faith community in Portland, Maine, two hours north of Boston. With two multi-purpose storefront spaces for worship and ministry – one located on the ground floor of a downtown parking garage, the second just a mile from downtown – the church has a strong presence at the intersection of Parkside Neighborhood (the most densely populate square mile north of Boston) and Portland's Arts District. Co-pastors Allen (STH 2000) & Sara Ewing-Merrill are working with gifted lay leadership to develop an inclusive Christian community that includes residents of Parkside Neighborhood; persons who are experiencing homelessness; African immigrants; members of the LGBTQ community; folks in recovery from alcohol and drug addiction; and peace-loving, justice-seeking misfits. Opportunities for interns abound: leading small groups; developing community outreach; exploring new approaches to worship; helping to lead a brand new Sunday evening Dinner Church; preaching (in a non-
traditional, often interactive setting); sharing sacred conversation with folks on the margins; participating in collaborative work with community partners; assisting with HopeGateWay's partnering nonprofit, Hope Acts; working with asylum seekers and refugees; sharing the journey with persons in recovery from addiction; and lots more, because interns are invited to bring their own gifts and passions, to explore new practices, and even to make mistakes, which can be the best avenues for learning.

Shepherd of the Valley is a rapidly growing program-centered congregation located in central Rhode Island about 15 minutes outside of Providence. We are a primarily regional suburban church with a worship attendance of between 120 and 150 on a Sunday morning. We have a growing number of new families with young children. Our congregation is primarily Caucasian and we are theologically moderate to progressive. We are just beginning an intentional visioning process; however we know that we are called to be a missional church grounded in spiritual growth. Our pastor has done extensive post grad training in congregational spiritual direction. Her preaching and teaching is focused on helping us to strengthen our spiritual practices and connection with our God of love through Jesus Christ. We have several small groups for spiritual growth as well as missional opportunities including a close partnership with Open Table of Christ, our Methodist Missional Church in Providence. We are looking for an intern who is willing to join us on our journey of spiritual growth, biblical learning, and missional service. We are seeking someone who is eager to learn, not afraid to take risks and able to learn from failure. It is quite possible that we can provide housing for the right candidate. As we are located near Providence our candidate could take the train to Boston. However, having your own transportation would be very helpful, as public transportation in our specific area is spotty at best. If you are looking for a great learning environment in a growing, spirit-filled church, Shepherd of the Valley may be a right fit for you!

The worship experience combines traditional music with newer songs and hymns. The laity participate in the leadership of the worship, reading Scripture, praying, singing and praising God. The congregation is made up of people of all ages and social backgrounds. The people are warm and welcoming and laugh a lot.
