

ECM Faculty Notes Upload

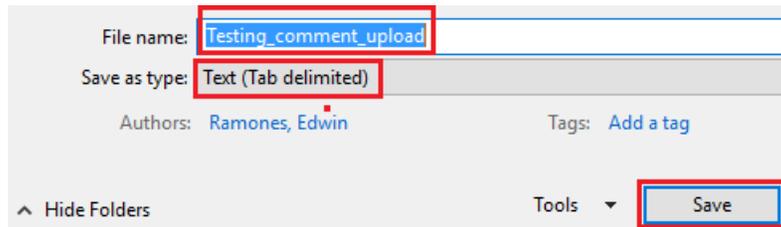

If you need to upload a set of dean’s comments for faculty members you will need have the merit recommender/approver role or if you do not have one of those two roles you will need to request the “ECM Faculty Notes” role from your DSA.

The instructions below will show how an ECM Recommender or Approver can upload notes for the areas they might have access to. If you have any questions on this or any other ECM process please contact hrcomp@bu.edu

	A	B	C
1	Name	UID	Note
2	DOUG STAMPER	U28314417	Testing upload function for Faculty member

Tools Save

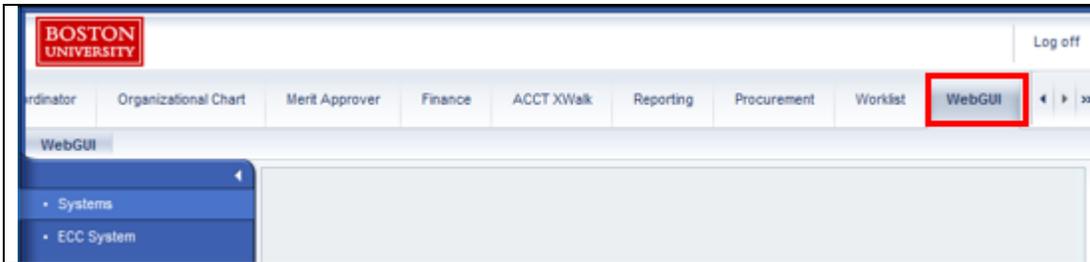

How to create a faculty notes upload file:

1. Prior to upload, create a flat text file for faculty comments. You can do this in Excel. In your Excel doc you will need to use three columns. One for Name, UID and comments/notes. **Notes should be limited to 1500 characters.** Insert the details for each faculty member on a single row following the example to the left.

You may use the Excel template below and follow the rest of the instructions if you wish:

2. When you are finished entering your information highlight the header row and delete.
3. After your header is deleted, save the file type as “**Text (Tab delimited)**” and name the file as you please. Remember where you save the file as you will need to point SAP to it for upload (steps below).

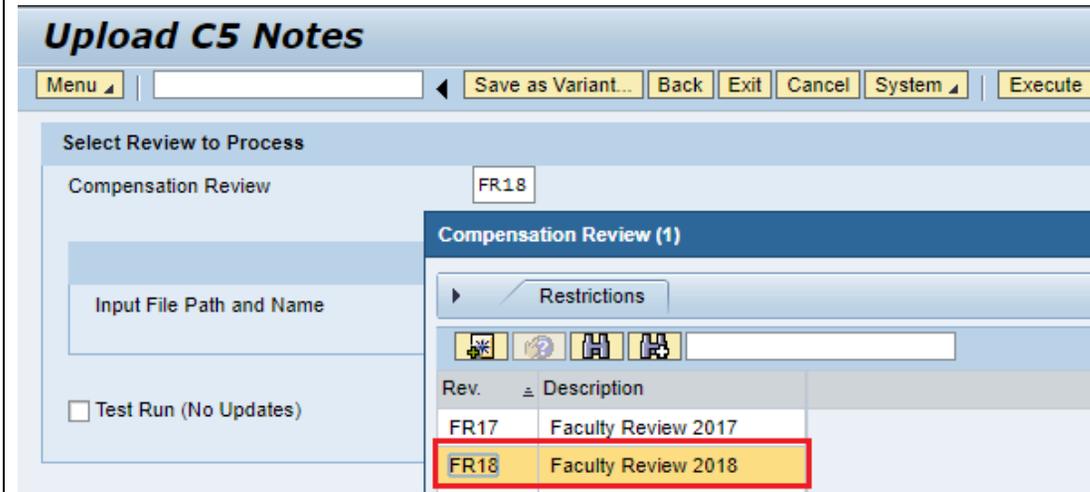

How to upload your faculty notes file:

Log on to **BUworks Central**: <https://ppo.buw.bu.edu>

1. Click the **WebGUI** tab
2. Click on **ECC System**

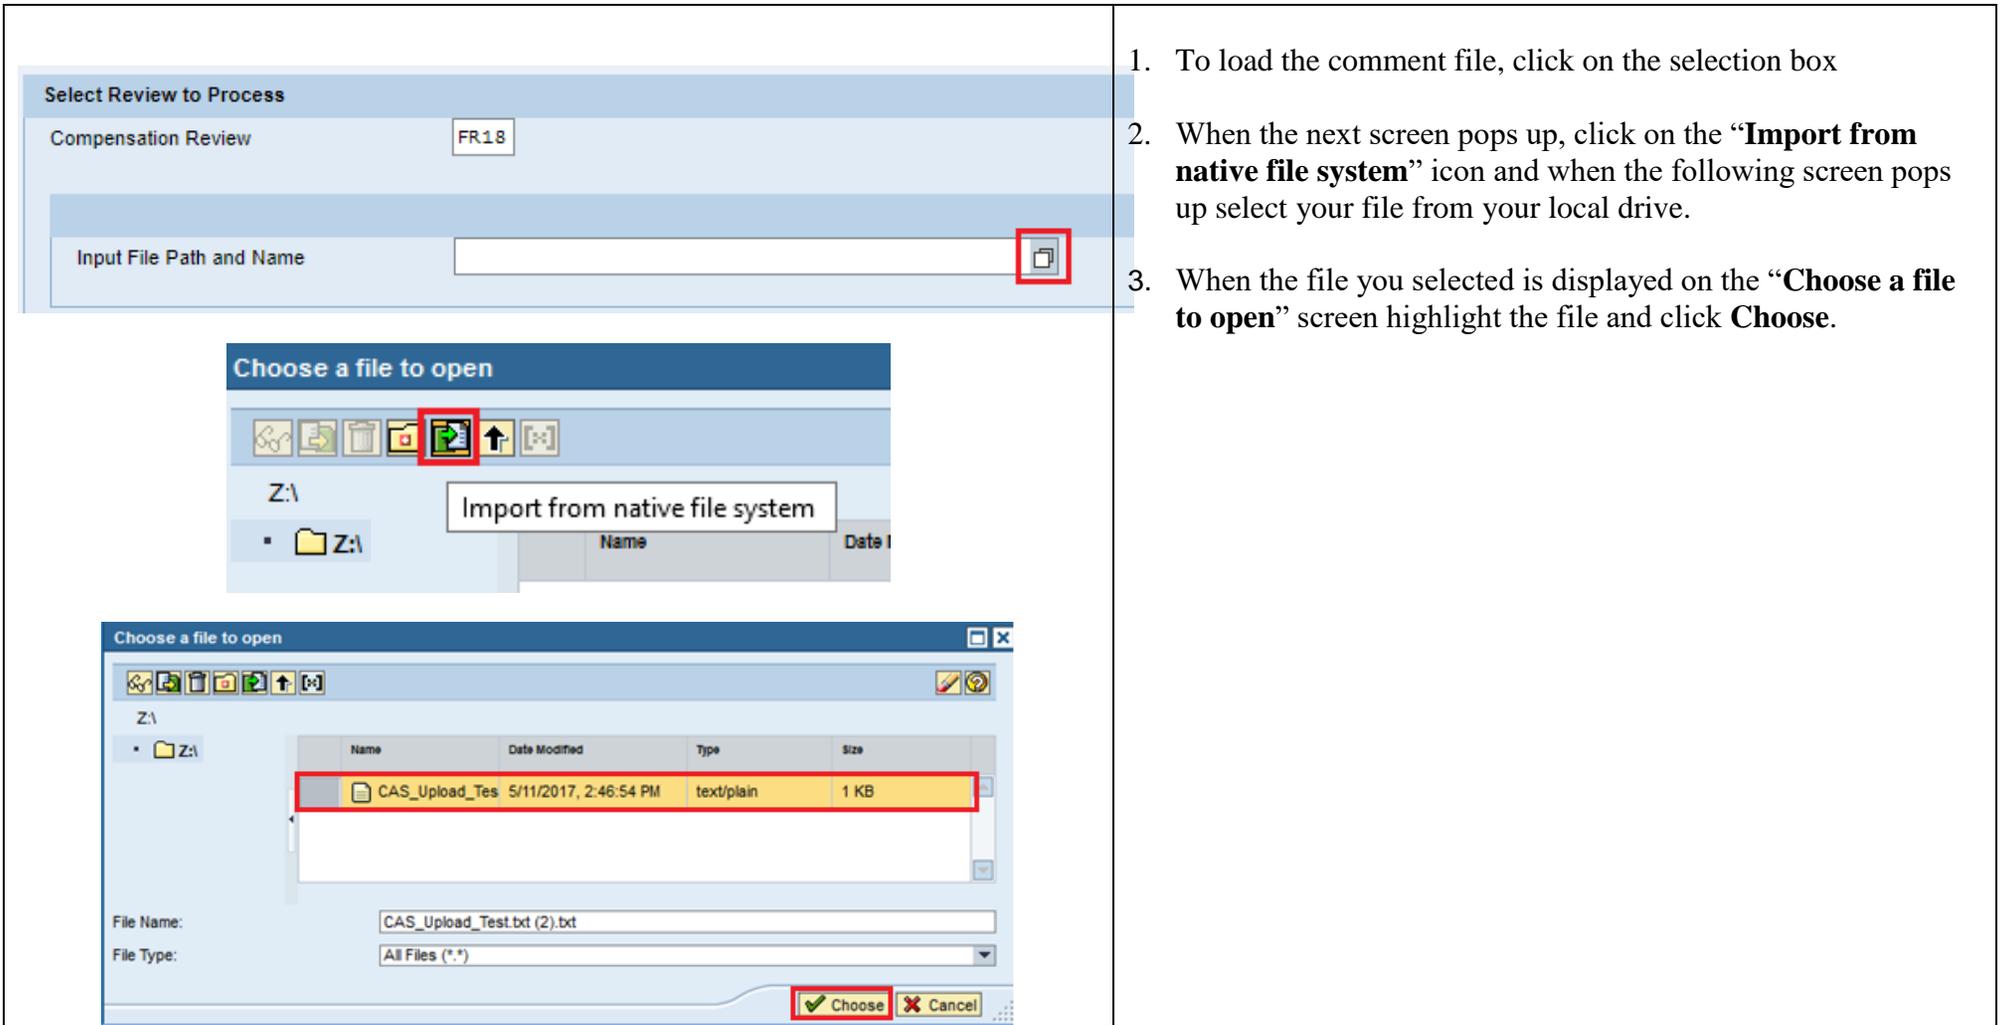

1. When the SAP GUI loads, make sure to expand the transaction text field by clicking the **black arrow**.
2. In the text field type: **ZHR_UPLOAD_C5NOTES** and hit enter

1. When the program loads, click on the selection box and select the **“Faculty Review 2018”** compensation review type or enter **FR18**.

ECM Faculty Notes Upload

The screenshot illustrates the process of uploading a comment file. It is divided into three main sections:

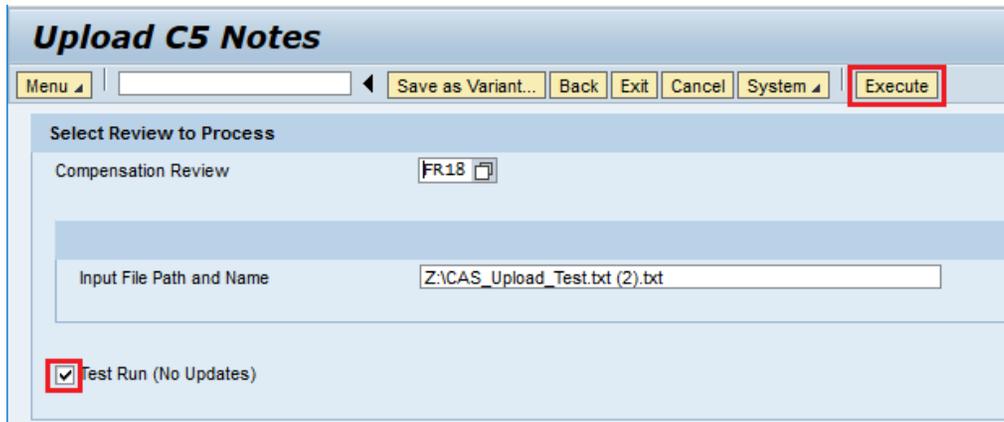

- Select Review to Process:** Shows a "Compensation Review" with a selection box containing "FR18". Below it is an "Input File Path and Name" field with a file icon button highlighted by a red box.
- Choose a file to open:** A dialog box with a toolbar where the "Import from native file system" icon (a green folder with an arrow) is highlighted by a red box. A tooltip "Import from native file system" is visible over the icon.
- Choose a file to open (File Explorer):** A file explorer window showing a table of files. The file "CAS_Upload_Tes" is highlighted with a red box. Below the table, the "File Name" field contains "CAS_Upload_Test.txt (2).txt" and the "File Type" is set to "All Files (*.*)". The "Choose" button is highlighted with a red box.

1. To load the comment file, click on the selection box

2. When the next screen pops up, click on the “**Import from native file system**” icon and when the following screen pops up select your file from your local drive.

3. When the file you selected is displayed on the “**Choose a file to open**” screen highlight the file and click **Choose**.

Report of Notes Created

Number of Records read from file : 6
 Number of Notes stored : 6
 Number of Notes updated : 0
 Number of BU IDs not found : 0
 Number of Create or Update Errors : 0
 Number of Non-Faculty uploads : 0
 Number of entries with Notes too long : 0

BU ID	Pernr	Faculty Name
U28314417	92688	DOUG STAMPER
U31574442	92704	EDWARD MEECHUM
U73142337	95908	GUMP FOREST
U67706329	92703	LEANN HARVEY
U42747448	12661	MARY BEAUDRY
U08110488	95907	THEODORE AGENT

1. After the file is selected you can complete a test run of the file by checking off the **Test Run** check box then clicking **Execute** at the top of the page.
2. After the test run, you will receive applicable error messaging such as incorrect UIDs. If you see any errors, make sure to review your file, update your data on the excel sheet, re-save the file and re-test the upload.
3. If you ran a test and are OK with the results click **Back** at the top of the screen, unclick **Test Run** and click **Execute** again. At the end of the run you will again be presented with the same summary screen showing how many records were updated. Once complete, and there are no unexpected errors, you can close out of the transaction.
4. Please note, if you re-upload a comment for any faculty members after the initial upload the latest upload will completely overwrite the previous upload. The system does not add to the previous file.
